Dear Colleague,

I am very happy and enthused at joining this esteemed Sarva UP Gramin Bank as Chairman. It is my privilege to be part of one of the best RRB, which is outcome of amalgamation of four RRBs i.e. Kisan Gramin Bank-Budaun, Devi Patan Kshetriya Gramin Bank-Gonda, Rani Laxmi Bai Kshetriya Gramin Bank-Jhansi and Uttar Pradesh Gramin Bank-Meerut backed; by many years of tradition of sound and prudent banking.

Since my joining as Chairman in SUPGB, I have met a number of staff of Head Office. I look forward to meet as many of our staff members as possible over the next few weeks. I am sure the working with Team SUPGB will be an enriching experience for me and all of us together will take this esteemed institution forward.

My experience as a banker has shown that there are three crucial pivots for an organisation's success. These are creating a culture of action, removing barriers and adhering to action plan. This would automatically ensure that we reach where we strive to be.

I am firm believer in hard work plus sincerity with continuous skill and knowledge upgradation to meet the demands of changing times. At the same time, I strongly endorse team work with proper coordination among members to achieve organizational goals.

To be successful and excelling well there is need for three qualities i.e. Intelligence, Integrity and Energy. Intelligence encompasses knowledge, skill in learning, thinking and problems solving plus effort and perseverance. Integrity means sound decisions are made based on good judgement, wisdom and knowledge. Energy refers to the willpower and doggedness to do what we love or to love what we do.

In the emerging market scenario, organization which are able to leverage on their core competencies will be successful and continue to retain their market share. To achieve these objectives, all of us should strive harder with complete commitment and dedication to the organization. We have to be customer centric so that the customers really 'Bank upon SUPGB'.

Our endeavor should be to take SUPGB to still greater heights of success, humanity and transparency. For this we need positive attitude, work proactively and overcoming the challenges to achieve our goals and objectives.

All of you will have my unstinted support and I look forward to your commitment and co-operation towards our onward journey to achieve many more milestones.

With best wishes.

Yours Sincerely

(D.S. Bainola)
